

Guidance on Dress Code for Competitors:

With the definition of a "Couple" being amended from one male and one female dancing together to now read as two dancers dancing together, the dress code in the New Zealand Ballroom Dance Council Rules and Regulations requires amendment. It is intended to have a full rewrite of the Rules and Regulations, however in the interim it should be noted that:

Subject to Age Division Restrictions (Juvenile, Junior, Youth/Adult/Masters) a couple may use the dress style that each partner in the couple wishes to adopt individually.

For Ballroom, New Vogue and Classical Sequence this means either or both partners may wear any suitable Ballroom Style costume as defined. The Gender specific classifications do not apply.

For Latin American this means either or both partners may wear any suitable Latin American Style costume as defined. The Gender specific classifications do not apply.

Robert Connors

Secretary, New Zealand Ballroom Dance Council
